

CounterSinks™ for the Bath

Classic Concrete or Stainless NuCrete™ countertops, to your specifications, with integral or undermount, oval or rectangular sinks.

Makers of NuCrete™
The World's Only Stainless Concrete

Our Concrete Countertops have been received nationwide as the industry's finest, combining an experienced hand-finishing technique and a keen understanding of the material. The result is a remarkable smooth surface with subtle color variations throughout. Countertops are precast in our factory to fit your specifications; including sink openings or integral concrete Sinks, faucet holes, and other accessories.

Available in any of our Natural or Designer colors with the option of custom color.
