Misu

• DESCRIPTION

Standing three feet tall and nearly two feet wide, the Misu is another highly popular design from Charles Swanson.

Like the Lura, the Misu—with its deep hollow featured at the top of the form, and soft edges sloping down to a sturdy base—is another chozubachi-inspired piece. This cast-stone form—much like the spirit of Zen itself—embodies the qualities of simplicity, refined beauty, and stillness.

As with all Charles Swanson sculptures, the Misu is elegant and versatile as a basin, a fountain, or a planter.
