• DESCRIPTION

Premiered at the Sunset Magazine Idea House, the WaterFallSink™ is like a center-sloping RampSink™ with overlapping ramp elements in a cast concrete countertop. Water flows from the deck or wall-mount faucet to the top ramp and then gently onto the lower ramp and into drain. Allows the insertion of a second color on the top Ramp as an option. Allows for constant drainage without soap build up or standing water areas. Slot drain replaces traditional drain assembly, so there is no visible hardware.

This unit rests on designed cabinetry or on one of our specially made hardwood or modern metal stands (p07-08).

The hardwood stands are available in smooth or distressed finish (stained or unstained options).

• FACTS

Classic Concrete (diamond-sanded, sealed & waxed) or Stainless Nucrete™. 24 standard colors. See: www.sonomastone.com, catalog or techbinder. Custom colors available. Order samples online, or call 877-283-2400 x113.

Optional Back Splash available. May be cabinet or wall-mounted.

Specially designed metal or wood stands sold separately.

Custom cabinets available. Faucet holes optional to your specification.

May use deck or wall-mount faucets.

The slot drain couples to conventional 1-1/4" drain assemblies.

For UPC (IAPMO) listing, see Appendix, p08-10.

Approximate Weight: 200 Lbs / 335 Lbs Crated (not including optional stand)
