• DESCRIPTION • FACTS

Pre-cast concrete pavers with pillowed top profile to replicate old world charm of a time worn pathway. Available as a blend of nines sizes only. Shoulder height of 7/8" combined with a choice of one of two pillows (1/8" and 3/8").

Available as a blend of nine sizes in two overall thicknesses (1-1/8" or 1-3/8"). Choice of shoulder height of 1" with pillows of 1/8" or 3/8". Sold as a blend of nine sizes - may not order individual sizes. See previous page for individual sizes available.

Available in two standard color blends. Custom colors also available.

See non-repeating layout example (p22). Suitable for pedestrian traffic using sand bed installation or over concrete substrate. For vehicular traffic, pavers must be applied to a concrete substrate. It is important to note that control joints in the substrate should not be bridged by the pavers.

In Classic Concrete, mold-release finish. Tiles are "as is" when released from their molds.

The colors are standard blends in "Appian Way" or "Pebble beach".

See photos at: www.sonomastone.com

Custom colors available. Order samples online, or call 877-283-2400 x113.

Tiles are not diamond-sanded, sealed and waxed. (Optional)

Tiles are currently not available Stainless Nucrete™.

Tiles are unfinished and unsealed. Sealing by installer.

Thin-set mortar can be used to level substrate.
